**YOUR PRIVATE PENTHOUSE  
...YOUR PRIVATE PARADISE**

The Sunset Suite @ Bali Mystique offers an expansive 315 square metres of luxury living with every modern convenience including two bedrooms each with a queen sized bed, two large bathrooms, a huge open-plan living area with European kitchen and two large terraces, one open and facing west and the other covered for alfresco dining and facing south. A full height screen creates a spacious and private third bedroom with two additional sofa beds. The main ensuite bathroom features a double jacuzzi/spa and full height opening windows, creating a semi-alfresco effect set against a tranquil backdrop stretching to the slopes of Bali's

northern volcanoes.

Upon entering the suite, our guests' first impression is always the view – a sweeping coastal and ocean vista to Jimbaran Bay and the cliffs of Ulu Watu, viewed through a vast expanse of floor-to-ceiling glass. The use of bi-fold doors allow inside and outside areas to combine seamlessly.

Whilst the suite is fully air-conditioned, its unique elevated aspect provides cooling sea breezes that cannot be felt at ground level. The suite has marble floors throughout and is tastefully furnished with many prominent Balinese influences. Access to The Sunset Suite@ Bali Mystique is by private elevator.

**SUNSET COCKTAILS ON THE TERRACE ??**

Watching the sun setting over Petitenget Beach from the terrace whilst sipping champagne, followed by a candle-lit dinner for two under the stars is another experienced not to be missed.

**OCCASIONS....WEDDINGS, FEASTS , ENTERTAINMENT**

This is the perfect venue for that special occasion, from a traditional Balinese wedding ceremony for up to 70 guests with the accompaniment of a Balinese orchestra to an unforgettable honeymoon. Catering options include a traditional Balinese feast or contemporary Asian or European cuisine.
